

About Belize

Belize (formerly British Honduras) is located on the Gulf Coast of Central America, just south of Cancun, Mexico.

Belize boasts the longest barrier reef in the western hemisphere, with fishing, snorkeling, and scuba diving available.

Belize is Democratic, stable, and friendly. English is the official language of its 410,000 inhabitants. Our mission serves Northern Belize, which is largely agricultural, rural, with very limited employment options.

Make a difference one life at a time!
